CAREER OBJECTIVE

Motivated and detail-oriented graduate with strong knowledge in **networking fundamentals**, **Linux system administration** and **Ansible automation**. I Completed **CCNA & Linux training with Ansible automation** and eager to apply technical skills in managing, configuring, and troubleshooting networks and Linux-based systems. Seeking an entry-level role where I can contribute to IT infrastructure while gaining professional experience.

EDUCATION:

Diploma in Cloud Computing (2025 – Present)

“Pursuing a Diploma in Cloud Computing and DevOps at Ducat, Noida Sector 63, with practical training in cloud infrastructure, automation, deployment, and CI/CD pipelines. Working on hands on projects to gain real-world skills in managing cloud services and scalable applications.”

Master of Computer Applications (MCA)

- Hindustan institute of Management and Computer studies, Mathura
- 2023-2025

Bachelor of Education (B.Ed.)

- Dr B. R. Ambedkar University, Agra
- 2021-2023

Bachelor Of Science (B.SC)

- Dr B. R. Ambedkar University, Agra
- 2016-2020

TECHNICAL SKILLS

- **Networking:** Routing, Switching, LAN/WAN, TCP/IP, DNS, VLANs, Subnetting
- **Security:** Firewalls, ACLs, SSH, Telnet
- **Tools & Platforms:** Cisco Packet Tracer, Putty, VirtualBox/VMware, WinSCP
- **Routing Protocols:** RIP, EIGRP, OSPF, Static & Default Routing, DHCP
- **Linux & Automation:** RHEL/CentOS administration including firewall rules, user/file permission management, Package Management (yum, rpm), LVM storage, and automation via shell scripts, Ansible playbooks & inventory setup, Apache & Samba server setup and managed networking services.
- **Others:** Basic Python scripting, Cloud Fundamentals (AWS)

NETWORKING PROJECT WORK - <https://github.com/ns0052/CCNA>

PRACTICAL LABS

- Designed and configured a small office network in Cisco Packet Tracer using routers, switches, VLANs and Configured DHCP & DNS for automated IP assignment.
- Hands-on training on User Management, File Permissions, Package Management, Services and Shell Scripting with Cron Jobs.
- Deployed Linux instances on AWS EC2 and configured them with SSH access.

CERTIFICATION

- CCNA (Cisco Certified Network Associate) - Training Completed from **Ducat** Institute, Noida
 - RHEL (Red Hat Enterprise Linux, CentOS) - Training Completed from **Ducat** Institute, Noida
-
